The suspension time period is designed to allow a student time to reassess academic and career goals and/or resolve other causes for continued academic failure. The reinstatement process after this time period, allows the student to visit with their Academic Dean or Advising Services about any necessary assistance which may be needed during the student's return to the university.

Steps for reinstatement:

- Re-apply for admission using the EZ Re-entry Application for Admission found at the following site: [https://apps.wtamu.edu/ez/](https://apps.wtamu.edu/ez/). An email or letter will be sent to the student regarding submitting any additional information such as transcripts, etc and if there are holds on the student records from the previous enrollment that need to be cleared.
- A copy of the EZ Re-entry Application and other college transcripts will be forwarded to the appropriate Dean or Advising Services for review.
- The student will receive an email at that time to contact the Dean's office or Advising Services to make an appointment for completion of a “Reinstatement After Serving First Academic Suspension” form. This form is provided by the Dean/Advising Services Advisor and will be sent to the Office of the Registrar to complete the re-admission process.
- Once readmitted, the student will be able to visit with an advisor to be greenlighted and enroll for the requested semester. Registration dates and information are posted on the homepage of Buff Advisor. All holds must be cleared before registration may be completed.

**DEADLINE TO HAVE REINSTATEMENT SIGNED WITH DEAN OR ADVISING SERVICES:**

**5 DAYS PRIOR TO THE FIRST CLASS DAY OF THE SEMESTER OF ENROLLMENT.**
