- Integrate Face-To-Face into the incoming freshmen NSOs
- Continue with the option of Hybrid as last resort

(If yes, please describe.)

- No, the WT and SGA are doing great – 18 Responses
- More in-person activities – 2 Responses
- Host graduation ceremonies – 4 Responses
- Continue to support student concerns
- Although we are transitioning out of F2F, continue to push for higher quality of online education.
- Remove the mask mandate
- Advertise and promote the mental health of students
- Students who go to student med are required to test for COVID-19 before anything else. This is unnecessary and will make students not want to use student med despite involuntarily paying for it.
- Continue to poll students for their perspective before making decisions
