WTAMU Student Handbook

Welcome

Welcome to the West Texas A&M University community! It is our hope that you find an environment that supports your success as a student, and to that end, this document outlines the community standards that, when upheld by all, will support that environment.

While this document outlines some general prohibitions of conduct contrary to the building of a positive learning environment, it also lays your rights as a student, and we hope you will pay close attention to those.

We seek a community of learners where mutual respect, between and among students, faculty, staff, and administration, allows for meaningful and productive dialogue, and this document represents our intent to balance those rights, responsibilities, and various levels of authority.

We encourage you to familiarize yourself with the processes and guidelines found within. If you have any questions along the way, please contact us in the Office of the Vice President for Student Affairs, located in Suite 102 of the Jack B. Kelley Student Center.

Good luck and Go Buffs!

Dr. Chris Thomas

Vice President for Student Affairs

Foreword

West Texas A&M University is a community that is dedicated to personal and academic excellence. Choosing to join the community obligates each member to a code of civilized behavior. The purpose of this handbook is to present the rules that govern the student conduct and student activities at West Texas A&M University and describe faculty and staff obligations in their work with students. These rules result from years of experience, and are the products of student, staff, and faculty thought. Each individual student and employee is expected to read this handbook carefully and observe its requirements.

No rule, no matter how carefully worded, can cover all eventualities completely. Beyond specific rules, we should all aspire to conduct ourselves with respect for others, the highest ethical standards, and personal integrity. That is what the Buff Spirit is all about.

Part 1 | Academic Integrity Code

1.1 | Academic Dishonesty

1.1.A | Academic dishonesty includes the commission of any of the following acts. This listing is not exclusive of any other acts that may reasonably be called academic dishonesty. Clarification is provided for each definition by listing some prohibited behaviors.

- i. **Cheating:** Intentionally using or attempting to use unauthorized materials, information, notes, study aids, or other devices or materials in any academic exercise. Unauthorized materials may include anything or anyone that gives a student assistance and has not been specifically approved in advance by the instructor. Examples include:
 - a. During an examination, looking at another student's examination or using external aids (for example, books, notes, calculators, conversation with others, or electronic devices) unless specifically allowed in advance by the instructor.
 - b. Having others conduct research, or prepare work, without advance authorization from the instructor.
 - c. Acquiring answers for any assigned work or examination from any unauthorized source. This includes, but is not limited to, using the services of commercial term paper companies, purchasing answer sets to homework from tutoring companies, and obtaining information from students who have previously taken the examination.
 - d. Collaborating with other students in completing assigned work, unless authorized by the instructor teaching the course. It is safe to assume that all assignments are to be completed individually unless the instructor indicates otherwise; however, students who are unsure should seek clarification from their instructors.
 - e. Other similar acts.
- ii. **Fabrication:** Making up data or results and recording or reporting them; submitting fabricated documents. Examples include:
 - a. The intentional invention and unauthorized alteration of any information or citation in any academic exercise.
 - b. Using "invented" information in any laboratory experiment, report of results or academic exercise. It would be improper, for example, to analyze one sample in an experiment and then "invent" data based on that single experiment for several more required analyses.
 - c. Failing to acknowledge the source from which cited information was obtained. For example, a student shall not take a quotation from a book review and then indicate that the quotation was obtained from the book itself.
 - d. Changing information on tests, quizzes, examinations, reports, or any other material that has been graded and resubmitting it as original for the purpose of improving the grade on that material.
 - e. Providing a fabricated document to any university employee to obtain an excused absence or satisfy a course requirement: altering an official document such as a transcript.
 - f. Other similar acts.
- iii. **Falsification:** Manipulating research materials, equipment, or processes, or changing or omitting data or results, such that the research is not accurately represented in the research record. Examples include:

- a. Changing the measurements in an experiment in a laboratory exercise to obtain results more closely conforming to theoretically expected values.
- b. Other similar acts.
- iv. **Multiple Submissions:** Submitting substantial portions of the same work (including oral reports) for credit more than once without authorization from the instructor of the class for which the student submits the work. Examples include:
 - a. Submitting the same work for credit in more than one course without the instructor's permission.
 - b. Making revisions in a paper or report (including oral presentations) that has been submitted in one class and submitting it for credit in another class without the instructor's permission.
 - c. Representing a group work done in one class as one's own work for another.
 - d. Other similar acts.
- v. **Plagiarism:** The appropriation of another person's ideas, processes, results, or working without giving appropriate credit. Examples include:
 - a. Intentionally, knowingly, or carelessly presenting the work of another as one's own (i.e., without crediting the author or creator).
 - b. Failing to credit sources used in a work product in an attempt to pass off the work as one's own.
 - c. Attempting to receive credit for work performed by another, including papers obtained in whole or in part from individuals or other sources. Students are permitted to use the services of a tutor (paid or unpaid), a professional editor, or the University Writing Center to assist them in completing assigned work, unless the instructor explicitly prohibits such assistance. If the student uses such services, the resulting product must be the original work of the student. Purchasing research reports, essays, lab reports, practice sets, or answers to assignments from any person or business are strictly prohibited. Sale of such materials is a violation of both these rules and Texas State law (Penal Code 32.50).
 - d. Failing to cite the World Wide Web, databases, or other electronic resources if they are used as resource material in an academic exercise.
 - e. Other similar acts.
 - f. General Information pertaining to Plagiarism:
 - i. **Style Guides:** Instructors are responsible for identifying any specific style/format requirements for the course. Examples include but are not limited to: American Psychological Association (APA) style and Modern Language Association (MLA) style.
 - ii. **Direct Quotation:** Every direct quotation must be identified by quotation marks or appropriate indentation and must be properly acknowledged in text by citation or in a footnote or endnote.
 - iii. **Paraphrase:** Prompt acknowledgement is required when material from another source is paraphrased or summarized, in whole or in part, in one's own words. To acknowledge a paraphrase properly, one might state: "To paraphrase Locke's comment..." and then conclude with a footnote or endnote identifying the exact reference.
 - iv. **Borrowed Facts:** Information gained from reading or research, which is not common knowledge, must be acknowledged.
 - v. **Common Knowledge:** Common knowledge includes generally known facts such as the names of leaders in prominent nations, basic scientific laws, or basic historical

information (e.g., George Washington was the first President of the United States). Common knowledge does not require citations.

- vi. Works Consulted: Materials that add only to a general understanding of a subject may be acknowledged in the bibliography and need not be footnoted or end noted. Writers should be certain that they have not used specific information from a general source in preparing their work unless it has been appropriately cited. Writers should not include books, papers, or any other type of source in a bibliography, “works cited” list, or a “works consulted” list, unless those materials were used in the research. The practice of citing unused works is sometimes referred to as “padding.”
 - vii. Footnotes, Endnotes, and In-text Citations: One footnote, endnote, or in-text citation is usually enough to acknowledge indebtedness when several connected sentences are drawn from one source. When direct quotations are used, however, quotation marks must be inserted, and acknowledgement made. Similarly, when a passage is paraphrased, acknowledgement is required.
 - viii. Graphics, Design Products, and Visual Aids: All graphics, design products, and visual aids from another creator used in academic assignments must reference the source of the material.
- vi. Generative AI: Generative artificial intelligence (Generative AI) is a computer-based technology that produces a variety of data, such as pictures, videos, music, or words, which may look or sound like a person made them. Generative AI tools appear to be created by humans because they are derived from deep machine learning routines and large language models based on algorithmic comprehension of materials created by humans. West Texas A&M University recognizes that generative AI presents challenges and simultaneously offers stimulating opportunities in higher education. West Texas A&M University offers faculty members the following choices of three distinct approaches to this complex challenge:
- a. No Use of Generative AI Permitted: Because writing and critical thinking skills are part of the learning outcomes of this course, it is a violation of academic integrity to employ generative AI at any point in this course.
 - b. Use of Generative AI Permitted Under Some Circumstances with Permission: There are specific situations within the course where you will use generative AI to explore how the technology can serve as a complimentary learning tool. The course faculty members will inform students when, where, and how you may employ these tools, along with guidance for attribution. Any use outside of faculty defined parameters constitutes a violation of academic integrity.
 - c. Generative AI Permitted with Attribution: The use of generative AI is permitted in this course to help prepare assignments and projects. When submitting work, students must clearly identify any generative AI content in contrast to student contributions (e.g., student citation of prompts, the generative AI platform used, the date the prompts were issued, and related). Using an AI tool without proper attribution qualifies as a violation of academic integrity.
- vii. Complicity: Intentionally or knowingly helping, or attempting to help, another to commit an act of academic dishonesty. Examples include:
- a. Knowingly allowing another to copy from one’s paper during an examination or test.
 - b. Distributing test questions or substantive information about the test without the instructor’s permission.

- c. Collaborating on academic work knowing that the collaboration will not be reported.
- d. Taking an examination or test for another student.
- e. Signing another's name on an academic exercise or attendance sheet.
- f. Conspiring or agreeing with one or more persons to commit, or attempting to commit, any act of academic dishonesty.
- g. Other similar acts.

1.2 | Reporting Violations of WTAMU Academic Integrity Code

1.2.A | As all members of the WTAMU community are responsible for maintaining the academic integrity of the University's mission, any member of the community may report and is responsible for reporting known violations of the academic integrity code to a faculty member, direct supervisor, academic dean, or Executive Vice President and Provost (EVPP). Violations shall be construed as any prohibited action outlined in the Student Handbook or the violation of any other university code or regulation that impacts the University's ability to meet the academic expectations that it has set forth in its mission.

1.2.B | Any student with knowledge of a violation who fails to report it shall be in violation of academic integrity. A student who believes their work has been stolen, copied, or inappropriately acquired by another student should report that information to the instructor. Also, any community member who reports themselves in violation of the Student Handbook before it is likely that another might consider this possibility will be understood as repentant and acting in good faith toward the community. Though the confession will not excuse the student from the violation, the act will be considered with great weight by all hearing/sanctioning bodies and the violation should not result in suspension or expulsion except in the most extreme cases.

1.2.C | Before reporting a suspected violation, the accusing party should make a reasonable attempt to collect evidence (eyewitnesses, material facts, etc.) to present the case at a hearing. Teaching faculty who suspects a violation should confer with the suspected violator(s) and attempt to resolve the case at that point. If the faculty member and student can mutually consent to a solution, the faculty member should complete an Academic Integrity Code Violation Review Form regarding the WT Academic Integrity Code. This form is to be signed by the student, faculty member, direct supervisor, and dean, then forwarded to the EVPP office for signature where it will be placed in the student's file.

1.2.D | A faculty member can choose to report to their direct supervisor. Additionally, if the faculty member and accused students cannot agree upon a resolution, or if the faculty member believes that suspension or expulsion is the only fair sanction, the case should immediately be reported, by the faculty member and in writing, to the appropriate direct supervisor.

1.3 | Initial Finding of Fact and Review of Case

1.3.A | In a case where a non-teaching member of the WTAMU community reports a suspected integrity violation, the case will be referred to the appropriate faculty member, direct supervisor, or dean for initial review. The referral will come from the WTAMU community member to whom the suspected act was first reported.

1.3.B | In a case where a resolution between the student and faculty member has been reached, an Academic Integrity Code Violation Review Form will be completed by the faculty member, signed by all parties, direct supervisor, and dean, and forwarded to the EVPP office to be placed in the student's file.

1.3.C | In a case where a resolution between the student and the faculty member cannot be reached, all materials will be presented to the direct supervisor who will then review the case (including evidence, students and professor testimony, any documents, etc.), determine if a violation occurred, and, in the case of a finding of violation, impose through their dean's office, then forward to the EVPP for the appropriate sanction. The direct supervisor will then notify the student and faculty of their decision and the student of their right to appeal to the College Integrity Committee (CIC).

1.3.D | Each college will create a CIC as needed. It will be comprised of the college dean (who will chair the committee and vote only in case of a tie), three students (appointed by Student Senate) and three faculty members from the college (one appointed by the dean for a two-year term, one chosen by the student, and one chosen by the dean). Should the dean feel that chairing the committee would present a potential conflict of interest, they may recuse themselves through the VPAA's office and have another dean appointed to chair the hearing.

1.3.E | In the case of the finding of guilt, the direct supervisor will forward this finding to the VPAA's office to be placed in the student's file. Upon any subsequent violation by the student (if another AICVRF, direct supervisor sanction or any combination is already present in the student's file), the EVPP office will notify the dean and have them examine the file to determine if a trend of violation needs to be addressed.

1.3.F | For undergraduate students, "dean" in this document refers to the dean of the college in which the most recent violation occurred. For graduate students, "dean" refers to the dean of the Graduate School. If the dean determines the presence of multiple violations, they will impose or request that the EVPP impose the appropriate sanction. The dean will then notify the student of their decision and their right to appeal to the CIC.

1.3.G | Should the student desire to appeal either a direct supervisor's, or dean's decision, the student will notify the dean that they request an appeal hearing before a CIC. The notification must be in writing and delivered to the dean within ten (10) days of the student's initial notification of the direct supervisor's or dean's findings. Such an appeal must specify if the student is appealing the finding of violation or the fairness of the sanction.

1.4 | Hearings Before a College Integrity Committee (CIC)

1.4.A | The CIC functions only as an appeal committee. This committee will hear the facts of the case to determine the appropriateness of the original finding and/or sanction.

- i. Once an appeal hearing has been requested, the dean's office will, not less than seven (7) working days before the scheduled hearing, make a reasonable attempt to notify:
 - a. The appealing party and any accusing parties (as well as the accusing party's witnesses);
 - b. Any faculty member(s) involved; and
 - c. The selected members of the committee.
- ii. These time frames are contingent upon the academic calendar and the necessity of bringing closure to a situation and, at the dean's discretion, may be adjusted as deemed necessary.
- iii. If the student is appealing the finding of violation itself, the accuser has the burden of proving their case by the preponderance of the evidence (proof that leads a reasonable person to conclude that the facts in issue are more likely to have occurred than not).

- iv. If the student is appealing the sanctions, only facts presented to the committee or that are in the student's file may be considered in judging the fairness of the original sanction. The appealing student is responsible for offering evidence that supports a different sanction.
- v. The appealing party may have one person accompany them to the hearing. This person cannot act as a witness. The appealing party may obtain advice from a legal advisor at their own expense.
- vi. An opportunity will be provided for the appealing party to present their version of the facts and to present other evidence, including witnesses, in support of their appeal. Witnesses not having information directly pertaining to the appeal may not be allowed. The appealing student should notify their witnesses of their request that they present information at the hearing. The appealing student is responsible for making sure their witnesses attend the hearing and/or for providing any notarized written information or official university reports (the student may request these through the presiding dean's office) that they would like considered at the appeal. The appealing party, through the dean, will also have the right to hear and question evidence. The dean may impose reasonable limitations upon the presentation of evidence and the questioning of witnesses.
- vii. If the student chooses not to testify at the appeal, the process will continue in their absence with the information available. Evidence that the student was notified of the hearing should be entered into the record. If the student is late for the hearing, the CIC should make a good faith effort to inform the student of what occurred prior to their arrival.
- viii. Disorderly or disruptive behavior by any individual in the appeal process may, at the dean's discretion, result in the removal of that individual from the hearing, and the hearing may continue in their absence. The University will record these proceedings and retain a copy in its records. All educational content will be stored and destroyed based on the University's Records Retention schedule. Suspension/expulsion sanctions result in records being maintained permanently in the Office of Academic Affairs. The appealing party may, at their expense, make a personal recording of the hearing. Appeal hearings will be confidential except those directly hearing, or involved, in the case.

1.5 | Findings of a CIC

1.5.A | The CIC is not bound by state or federal rules of evidence. The CIC will consider only the facts presented during the hearing and the facts already contained in the appealing student's academic file.

1.5.B | At the conclusion of the hearing, the CIC will meet to adjudicate in a closed session. The faculty and student members will first vote as to whether the original finding of violation -by faculty member, direct supervisor, or dean- has merit.

1.5.C | In the case that the CIC finds no violation, the student's file will be cleared of all documents that relate solely to this case. If the appropriateness of the sanction is under appeal, the CIC will vote on the original sanction's fairness. If the CIC finds that the original sanction is not appropriate, the members will discuss alternative sanctions that may include more severe than those originally imposed.

1.5.D | The CIC may impose any of the sanctions described in the Student Handbook up to and including suspension or expulsion. The CIC can recommend to the dean of the college that suspension or expulsion is the appropriate sanction. In the case of such a recommendation, the case will immediately be referred to the dean and forwarded to the EVPP office, and all further action will be taken by the EVPP.

1.5.E | The CIC will convene privately to discuss, vote and determine applicable sanctions.

1.5.F | The CIC will, at the conclusion of the appeal, present its findings to the appealing party. Additionally, the dean's office will forward a written statement of the findings and the formal action to be taken by the University to the student within five (5) working days, as defined by the University.

1.6 | Student Registration

1.6.A | Student Identification Cards: Upon initial registration, each student is issued a student identification card (more commonly called a Buffalo Gold Card or Buff ID). This card, designed to be a career identification card, is the property of West Texas A&M University and is validated each semester upon payment of fees.

- i. Possession, alteration, use or attempted use of an ID card for the purpose of identification or to receive services, by anyone other than the person whose name, ID number and photo appear on the card, is considered unauthorized use. The offender will be subject to penalties and confiscation of the ID card by University Officials.
- ii. A student must produce their identification card upon the request of a University Official.
- iii. It is a student's responsibility to report a lost or stolen identification card immediately by calling (806)-651-4653, Monday through Friday between 8am and 5pm. Students will be assessed a fee to replace the lost or stolen card.
- iv. The name as submitted at the time of the application to West Texas A&M University establishes the official record for the student at the University. This record is considered an official record for the State of Texas. Any change of name request must be accompanied by legal federal or state documentation. A social security card or driver's license cannot be used as documentation to request a change of name; a birth certificate, passport, court issued name change document, marriage license, or common-law certificate are acceptable.

1.6.B | Current Address: To avoid missing important communications from the University, it is the student's responsibility to keep the registrar informed of current, local, and permanent addresses. Communications mailed to either address of record, or to a student's official WT email account, will be deemed adequate notice.

- i. Every student must register when entering the University and after as announced by the registrar.
- ii. Students who were previously enrolled at West Texas A&M but did not attend class through the official census date of the previous long semester must apply for readmission.
- iii. Registration is not complete until the student has paid their fees by the prescribed deadline.

1.6.C | Curriculum Violation: Degree-seeking graduate and undergraduate students.

- i. A student is expected to register for a schedule of courses that follows the program of study for a degree in their college. A student who elects not to follow the program of study must obtain approval from their academic advisor, department head or college dean or designee, and the dean or designee of the college offering the courses. A student who fails to obtain approval may be, by their dean or designee, held from registering, removed from the inappropriate course(s) and/or required to register for a prescribed schedule of courses.
- ii. A student whose work is unsatisfactory, or who is on scholastic probation, may be required by their college, or department, to register for a prescribed schedule.
- iii. A student whose work is held from registration because of the scholastic deficiency in a major and who changes their curriculum into a new college may not register for hours in their previous major during the

next semester without specific approval from the new dean or designee. Violation of this rule constitutes academic dishonesty.

- iv. A student must be enrolled to use the University facilities or the time of any employee in connection with work for which they expect to receive academic credit.
- v. A full-time undergraduate student is defined as one who is enrolled in at least 12 semester hours during a fall or spring semester or enrolled in six (6) hours during the summer. A “Q” grade, or “W”, does not count toward the certification of enrollment status. Only hours for which a student is currently enrolled at West Texas A&M University can be used toward certification of enrollment. During their last semester prior to graduating, if an undergraduate student is enrolled at West Texas A&M in all remaining hours needed to complete their degree and has applied for graduation, they may be certified as a full-time student for that final semester even though they may be enrolled in less than 12 semester hours during a fall or spring semester, or eight (8) hours in the summer semesters.
- vi. Students participating in student teaching, internships, and cooperative education programs, and study abroad programs who are enrolled in less than 12 hours during the fall or spring semester, or either (8) hours in the summer, may be eligible to be certified as a full-time student with the approval of the dean of their college or their designee. These certifications may be used to qualify for Federal Financial Aid, as federal regulations determine eligibility.
- vii. A full-time graduate student is defined as one who is registered for nine (9) semester hours during a fall or spring semester, or six (6) hours in a summer semester. A “Q” or “W” grade does not count toward the certification of enrollment status. During their last semester prior to graduation, if a graduate student is enrolled at West Texas A&M in all remaining hours needed to complete their degree, has applied for graduation, and does not hold a graduate assistantship, they may be certified as a full-time student for the final semester, even though they may be enrolled in less than nine (9) semester hours during a fall or spring semester, or six (6) hours in a summer semester. Student participating in student teaching, internships, and cooperative education programs who are enrolled in less than nine (9) semester hours during a fall or spring semester, or six (6) hours during a summer semester, may be eligible to be certified as a full-time student with the approval of the dean of the college or their designee. These certifications listed above based on exceptions might not be used to qualify for Federal Financial Aid as federal regulations determine financial aid eligibility.
- viii. A student participating in an advanced dental education graduate program may be classified as full time. These postdoctoral advanced dental specialty curricula require a mandatory course of study and various experiences including extensive patient treatment, internships, external rotations, research, and special studies defined and accepted by West Texas A&M University as adequate to constitute full time enrollment. Federal regulations determine eligibility for financial aid recipients. Policies and procedures within the Scholarship and Financial Aid Office will address enrollment definitions for financial aid purposes.

1.6.D | Undergraduate Degree Plans: All degree-seeking undergraduate students admitted to West Texas A&M University in or after Fall 2013 must complete and annually update an undergraduate degree plan.

- i. Initial Submission: All degree-seeking undergraduate students must submit their initial degree plan the term following the term in which they complete 30 semester credit hours. Students admitted with 30 or more cumulative semester credit hours must submit their degree plan the semester they are admitted.

- ii. Annual Review and Resubmission: All degree-seeking undergraduate students must review, update, and resubmit their undergraduate degree plan every year until graduation in accordance with deadlines published in the academic calendar.
- iii. Undergraduate Degree Plan Approval: All initial and resubmitted degree plans must be approved by one or two processes.
 - a. Self-Approval: The undergraduate degree plan as submitted by the student meets 100% of degree requirements.
 - b. Advisor Approval: An academic advisor or designee within the student's home department approves the undergraduate degree plan.
 - c. Registration Holds: Undergraduate students required to submit an undergraduate degree plan who do not have an approved initial or resubmitted undergraduate degree plan on file by the published deadline will be held from registering for the future semester.
 - d. Graduation Requirements: To be a candidate for a degree, a student must complete all academic requirements published in their catalog and meet all applicable requirements and deadlines published in the WTAMU Student Handbook.
 - e. Completion of an undergraduate degree plan does not guarantee admission to a specific major or upper division. Federal regulations determine eligibility for financial aid recipients. Policies and procedures within the Scholarships and Financial Aid Office will address enrollment definitions for financial aid purposes.

1.6.E | Undergraduates Registering for Graduate Courses:

- i. A senior undergraduate student with a cumulative grade point ratio of at least 3.0 or approval of their academic dean or designee, is eligible to enroll in a graduate course and reserve it for graduate credit by filing a petition obtained from the student's undergraduate college and approved by the course instructor, the student's major department head, the dean or designee of the college offering the course, and the dean or designee of the student's undergraduate college. Graduate credit hours used to meet the requirements for a baccalaureate degree may not be used to meet the requirements for a graduate degree.

1.6.F | Registration Holds: A student may be held from registering for future semesters by the following offices, for the following reasons. This is not inclusive of all offices that can hold students, or all types of holds. A student who wishes to resolve the problem that resulted in the hold, or wishes to appeal the placing of the hold, should go to the department that placed the hold on their record.

- i. Office of Graduate Studies, Academic Departments or Colleges – For scholastic deficiency or for disciplinary reasons related to scholastic dishonesty.
- ii. Transportation Services – For an accumulation of overdue, unpaid parking violation citations.
- iii. Student Business Services – For an outstanding bill owed to the University.
- iv. Office of Admissions and Records, Office of Graduate Studies, Academic Departments and Colleges – For students admitted provisionally or on probation, or for information lacking to complete the admission process and for enrolled students who have submitted questionable records (such as transcripts or residency documents) to the registrar's office.
- v. Office of Title IX, Office of Community Standards, and Department of Residential Living – For disciplinary reasons.

- vi. Athletic Academic Affairs Office – To ensure compliance with NCAA regulations.
- vii. International Student Services – To ensure compliance with university procedures and I.N.S regulations.
- viii. Academic Success Center – To ensure compliance with Texas Success Initiative mandate.

1.6.G | Maximum Schedule: An undergraduate student with an overall grade point ratio of 3.0, or better, may register for a course load in excess of 19 hours in the fall or spring semester, or six (6) hours (seven [7] if part is laboratory) in a summer term with the approval of their advisor. An undergraduate student with an overall grade point ratio of less than 3.0 must obtain approval from their dean or designee before registering for a course load in excess of 19 hours in a fall or spring semester, or six (6) (seven [7] if part is laboratory) in a summer term.

1.6.H | Maximum Schedule for Graduate Students: Graduate students may enroll for a maximum of 15 hours during a regular semester, six (6) hours for a 5-week summer session and 12 hours for a 10-week summer session with approval of their college dean or designee. A graduate student may enroll in more than 18 hours (regular semester), nine (9) hours (5-week summer session), or 15 hours (10-week summer session) with approval of the Office of Graduate and Professional Studies.

1.6.I | Prerequisites: It is the responsibility of the student to be sure that course prerequisites are met. All prerequisites must be listed in the appropriate catalog or schedule of classes. A student may register for a course for which they have not met the prerequisites only with the consent of the head of the department in which the course is offered. Failure to meet course prerequisites could result in a student being dropped from the class.

1.6.J | Class Schedules: All classes will meet according to schedules prepared by the registrar. Modification in these schedules, including common night exams, may be made only when authorized by the registrar and approved by the dean or designee of the college in which the course is offered.

1.6.K | Scheduling of Courses: In case a section is dropped, because of insufficient enrollment, a student may substitute other courses approved by their advisor.

1.6.L | Change in Schedule: A student may enroll in a class the first five (5) class days of the fall or spring semesters, or during the first four (4) class days of the summer terms or a 10-week summer semester. A student requesting to add the course after these deadlines must have the approval of the student's dean or designee and department.

- i. A student may drop a course with no record during the first twelve class days of a fall or spring semester, and during the first four (4) class days of a summer term, or a 10-week summer semester. Following this period, if approved by the dean of the college or their designee, a student may drop a course without academic penalty through the 60th class day of a fall or spring semester, the 15th class day of summer term, or the 35th class day of a 10-week summer semester.
- ii. Undergraduate students will normally be permitted to four (4) "Q"-drops during their undergraduate studies at West Texas A&M University, regardless of transfer status. State law prohibits students from having more than six (6) dropped courses from all state institutions attended during their undergraduate career, if they entered higher education as first-time enrolled freshman beginning the 2007 fall semester, and thereafter. For exceptions, see Rule 1.6.L.v.
- iii. Courses "Q"-dropped must have approval of the student's dean or designee or department as determined by the respective college.

- iv. Undergraduate students will normally be permitted four (4) Q-drops during their undergraduate studies. State law prohibits students from having more than six (6) dropped courses from all state institutions attended during their undergraduate career. “Q”-drops in one-hour courses will not count in the West Texas A&M limit of four (4) but will be included in the State-mandated limit of six (6) dropped courses. If a lecture and companion lab are dropped at the same time, this will count as one “Q”-drop rather than two.
- v. Any course taught on a shortened format or between regularly scheduled terms will have add/drop, Q-grade, and withdrawal dates proportionally the same as if the course were offered in a regular term. These dates will be determined by the registrar’s office.
- vi. A “W” may be approved by the Dean of the college or their designee, if a student is allowed to drop a course anytime during the semester due to unusual or extenuating circumstances. These circumstances can include, but are not limited to:
 - a. A severe illness or other debilitating condition that affects the student’s ability to satisfactorily complete the course.
 - b. The student’s responsibility for the care of a sick, injured, or needy person, if the provision of that care affects the student’s ability to satisfactorily complete the course.
 - c. The death of a person who is considered to be a member of the student’s family, or who is otherwise considered to be a showing of good cause.
 - d. The active-duty service as a member of the Texas National Guard or the armed forces of the United States of either the student or a person who is considered to be a member of the student’s family or who is otherwise considered to have a sufficiently close relationship to the student that the person’s active military service is considered to be a showing of good cause.
 - e. The change of the student’s work schedule that is beyond the control of the student, and that affects the student’s ability to satisfactorily complete the course.
 - f. Other good cause as determined by the dean of the college or their designee.

1.6.M | **Parenting Student:** Per Texas Senate Bill 459, students that identify as a “parenting student”, which is a student enrolled at an institution of higher education who is the parent or legal guardian of a child under 18 years of age, are provided early registration for courses. Prior to the semester registration date, students that meet these requirements will need to contact the Registrar’s Office at 806-651-4911 and notify them of their eligibility status.

1.7 | Transfer Credit

1.7.A | Transfer students have earned 12 or more transferable college-level credit at a regionally accredited institution the fall semester, or later, after high school graduation. College credits earned prior to high school graduation (dual credit) and courses taken immediately following high school graduation during the summer do not count towards the 12 needed to classify a student as a transfer student.

1.7.B | Applicants who hold an associate degree from a regionally accredited community college, or have a combination of transferable hours, and GPA outlined below, are guaranteed admission:

- i. Transferable Hours GPA.
- ii. 12+ hours and 2.0 or greater cumulative GPA.

1.7.C | Applicants that do not meet admission guarantee criteria above will be evaluated under a competitive review process. Factors considered may include but are not limited to: types of courses taken, rigor of curriculum, pattern of progress, and potential for success.

1.7.D | Students who are currently suspended from another college or university are not eligible for admission to West Texas A&M University.

1.8 | English Proficiency

1.8.A | Any college may require an English Proficiency Examination of its students. Any student who fails the examination may be required to do remedial work in English, as recommended by the head of the student's department and approved by the dean, or designee, of the student's college.

1.9 | Student Drop Procedure

1.9.A | If a faculty member charges a student in one of their classes with a violation of the Academic Integrity Code (AIC) and the student drops the class before the issue has been resolved, the faculty member may submit a grade change at the end of the semester to the Registrar's Office changing the student's grade from "X" to "XF", and indicating that the change is due to a violation of the Academic Integrity Code. This may only occur when the faculty member determines that the appropriate penalty for the AIC violation is a failing grade in the class.

1.10 | Withdrawal Procedure

1.10.A | Before Withdrawing, if there is anything that WTAMU can do to assist you in remaining enrolled, please contact The Office of the Registrar via email at registrar@wtamu.edu. This office is available to advocate for your needs and to assist with any questions or concerns you may have.

1.10.B | Withdrawing from WT: Withdrawing is dropping all classes in a semester (with the option of returning). Withdrawing, or dropping your last class, cannot be accomplished through Buff Advisor. Withdrawing by the deadline can be done through:

- i. Completing and submitting the electronic withdrawal form.
- ii. In person at the Office of the Registrar.

1.10.C | Involuntary Leave: In the uncommon circumstance that a student cannot safely remain at the University or meet academic standards, even with accommodations and other supports, the University may require the student to take a leave of absence.

- i. Decisions whether to impose an Involuntary Leave will be made by the University's Behavioral Intervention Team (BIT), a committee that includes the Assistant Vice President of Student Affairs, the Director of Counseling Services, the Associate Provost for Academic Affairs, the Director of Office of Student Accessibility and members of the University Police Department.
- ii. The committee may impose an Involuntary Leave for safety reasons if it finds, after an individualized assessment, that there is a significant risk that the student will:
 - a. Harm themselves or another;
 - b. Substantially interfere with the educational experience of others; or
 - c. Cause a chronic and inordinate use of university resources.
- iii. Before making a decision, the committee must:

- a. Notify the student that the committee is considering imposing an Involuntary Leave and the basis for the committee’s belief that the student may need to be placed on Involuntary Leave; and
 - b. Provide the student an opportunity to appear personally before the committee and provide relevant information.
- iv. The BIT may inquire into a student’s current condition, including requesting recent medical health information and records, but must confine its inquiry to information and records necessary to make a determination. The committee may not insist on unlimited access to confidential information or records.
- v. If the committee imposes an Involuntary Leave because there is significant risk that the student will harm themselves or another, substantially interfere with the educational experience of others or causes a chronic and inordinate use of university resources, the committee may restrict the student’s interactions with the campus community during the period of the leave as deemed necessary or appropriate. Such restrictions may include limits on the student’s communications with faculty, staff, or other students and on the student’s access to the campus.
- vi. Grievances: Any student who believes they have been discriminated against on the basis of a disability should complete a Complaint Form, available at the University’s website: <https://apps.wtamu.edu/complaint/>.
- vii. Refunds: The same arrangements for refunds of tuition or other costs will be available to a student who takes a leave of absence for mental health reasons, whether voluntary or involuntary, as are available for a student who takes a leave of absence for physical health reasons.
- viii. Returning from Leave: A student may request at any time to return to the University as a student. If the University requires students on leave for medical reasons to demonstrate that they are fit to return, it may require such demonstration from a returning student on leave for mental health reasons. An opinion from the student’s treating mental health professional that the student is fit to return should, in most cases, be sufficient to allow the student to return. In exceptional cases, the University may seek a second opinion. A student’s request to return may be denied only if the committee finds that the student will not be able, upon return, to meet academic standards or be safely at the University even with accommodations. A student who desires to return to the University after taking a leave of absence for mental health reasons will not be subject to more rigorous standards or procedures than a student who desires to return to the University after taking a leave for physical health reasons.

1.11 | Change of Curriculum

1.11.A | Undergraduate students who have completed at least one term of full admission and enrollment at West Texas A&M University may initiate a curriculum change starting ten (10) business days following the posting of final grades of the previous semester and ending on the twentieth (20th) class day of the current semester per the academic calendar.

1.11.B | An undergraduate student in their first term of full admission and enrollment at West Texas A&M University may initiate a curriculum change before the end of the fifth (5th) day of regular classes. Curriculum changes may once again be initiated after final grades have been posted.

1.11.C | Application for curriculum change shall be acted upon by the dean, or designee, of the college concerned. At the time of the change, the dean or designee of the college to which the transfer is being made shall determine if the application is being accepted or rejected. If accepted, the dean, or designee, shall indicate

conditions for acceptance, including the date the change will become effective and terms of probation. The decision of the dean, or designee, regarding acceptance or rejection of curriculum change applications and any related conditions is final.

1.11.D | For graduate and professional students, a curriculum change (i.e., a change from one major department to another) is accomplished via petition approved by the original department, the new department and the Office of Graduate and Professional Studies.

1.12 | Attendance

1.12.A | Class attendance and participation is an individual student responsibility. Students taking traditional face-to-face courses are expected to attend class and to complete all assignments by stated due dates. Student enrolled in distance education courses are expected to regularly engage with institutional materials and complete all assignments by stated due dates. Instructors are expected to provide notice of the dates on which major exams will be given and assignments will be due on the course syllabus, which must be made available by the first-class period. Graduate and professional students are also expected to attend all examinations required by departments or advisory committee as formally scheduled such as, but not limited to, qualifying exams, preliminary exams and final defenses. Violation of this attendance policy is subject to disciplinary action through the Student Conduct process.

- i. Students who miss more than three (3) consecutive days of course content due to extenuating circumstances, such as illness or emergency, should contact the Office of Student Affairs for assistance. Upon receipt of the documentation detailing the illness or emergency, Student Affairs will contact each instructor indicated by the student's submission, in writing, explaining the nature of the absence and requesting consideration making up missed work without penalty.
- ii. Notification of Absences: Students who miss classes for reasons of official university business will be given the opportunity to make up for the missed work without penalty. However, students and/or the sponsor/coach of the official university activity must inform individual instructors prior to absence.

1.12.B | Documents may be sent to the Office of Student Affairs via www.wtamu.edu/absence, studentaffairs@wtamu.edu, fax to (806) 651-2926, call (806) 651-2050, or dropped off in the JBK Suite 102.

1.12.C | Individual instructors have the right to set reasonable and clearly explained attendance standards for their classes. If an attendance requirement is adopted because regular active participation is essential to satisfactory mastery of the course content, the requirement should be reasonable and clearly explained in the course syllabus.

1.12.D | If a student wishes to contest the fairness of an instructor's attendance policy, a complaint should be filed in accordance with the Student Grievance procedures.

1.12.E | Students called to active duty should tell instructors and must withdraw from the University by notifying the Office of the Registrar of that intent in person, by email, by mail, or fax.

1.12.F | When an instructor believes that excessive absences have put a student's grade in jeopardy, the instructors should report this information to Advising Services who will contact the student and will attempt to resolve the problem.

1.13 | Distinguished Students

1.13.A | Each fall and spring semester, undergraduate students are recognized for academic achievement, if they earn a grade point average (GPA) of 3.5 or higher in at least 12 semester hours of credit. To receive this recognition, a student must have no grade of “F”, “XF”, or “I”.

- i. President’s List: 4.0 semester GPA
- ii. Dean’s List: 3.5 – 3.9 semester GPA

1.13.B | Graduating with Honors: To receive honors notation on the diploma and transcript for a first or second baccalaureate degree, students must have at least a 3.5 GPA (no rounding up) for all work completed at WTAMU with a minimum of 39 hours in residence (courses for which tuition has been paid at WTAMU).

- i. 4.0 – 3.9 GPA: Summa Cum Lade
- ii. 3.89 – 3.75 GPA: Magna Cum Lade
- iii. 3.749 – 3.5: Cum Lade

1.14 | Semester Grading

1.14.A | It is the responsibility of each faculty member to assess the student’s performances of that at the end of a semester or summer term each student can be assigned a grade in accordance with the grading system of the University, which will properly show the extent of each student’s achievements in the course. The faculty member determines the appropriate grade, subject only to the appeal process.

1.14.B | Each instructor and each department must assume responsibility for maintaining grading standards. Each faculty member must assign grades at the end of the term or semester, as noted in the WTAMU catalog. Final grades are determined only at the end of the semester or term. At the end of the term or semester, the faculty members will submit grades through WTClass for each student within each of their classes.

1.14.C | Public postings of student grades are prohibited. Use of WTClass gradebook allows students private access to their grades. For information regarding cheating/plagiarism, see section on Academic Dishonesty.

1.14.D | Quoted below are suggested meanings and values for grades. Hour's description:

- i. A | 4 – Excellent
- ii. B | 3 – Good
- iii. C | 2 – Average
- iv. D | 1 – Passing
- v. F | 0 – Failing
- vi. XF | 0 – Drop/Withdraw failing after midterm (calculated in GPA)
- vii. N | 0 – No grade
- viii. X | Drop/Withdraw prior to midterm, or passing after midterm (not calculated in GPA)
- ix. P | Pass grade for developmental courses prior to 2002 fall semester
- x. U | Fail grade for developmental courses prior to 2002 fall semester
- xi. I | Incomplete
- xii. S | Pass in CLEP, SAT, ACT and other specially approved courses
- xiii. IP | Thesis/Dissertation progress

1.14.E | When a grade of Incomplete (I) is given by a faculty member, a Contract for Removal of Incomplete form must be completed and signed by the faculty member and the student. This form is to be turned into the Office of the Registrar. If the Incomplete (I) is not changed to a letter grade (A, B, C, D, or F) by the date listed on the form, the Incomplete (I) will automatically be changed to a failing grade (F).

1.14.F | When the instructor does not turn in grades by the deadline, the registrar will assign a grade of “N” to all students in the course. The instructor will then have to complete an individual grade change form for each student enrolled in the course in order to have the final grade recorded on the student’s official transcript.

1.14.G | Grade Changes: Changes in grades after the final grade has been assigned are initiated by the faculty member via the Grade Change Form, found on the Office of the Registrar website. These changes, except for grades “I” or “N,” require review and approval of the appropriate direct supervisor. Grade changes must be made by the instructor of record, or in the absence of the instructor, by the direct supervisor. Requests for grade changes made more than 6 months after the grade is assigned require College Dean and Provost approval. Grade changes will not be made without sufficient justification.

1.14.H | Grade Challenges Procedure for Students Who Challenge Semester Grades:

- i. Academic Appeals Committee (Provost/EVPAA): The Academic Appeals Committee hears appeals involving disputes over final course grades. Membership consists of:
 - a. Chair – Faculty member (appointed by the Provost/EVPAA from among the elected members)
 - b. Six faculty (one from each college, elected by the colleges)
 - c. Six students (appointed by Student Government)
- ii. When the appeal is ready to be heard by the Academic Appeals Committee, the chair chooses a panel of two additional faculty members from the remaining five faculty members, and two students from among the six student members.

1.14.I | Challenge Procedure:

- i. Before a grade-challenge hearing can be scheduled with the committee, the student must make the initial appeal to the faculty member of that particular course; or if the faculty member is no longer with the University, the student must appeal to the head of the department that offered the course. If no resolution is reached at the department head level, the student may appeal to the dean of the college in which the course was offered. If at this point the problem has not been resolved to the satisfaction of the student, the student may file a formal appeal with the Academic Appeals Committee.
- ii. A student desiring a hearing before the Academic Appeals Committee must file a written request for an appeal hearing with the dean of the college in which the course was offered. The dean will forward the appeal to the EVPP.
 - a. Deadline to file a formal grade challenge:
 - i. If the grade being challenged was given during the spring semester, spring intersession or a summer session – October 1.
 - ii. If the grade being challenged was given during the fall semester or winter intersession – March 1.
 - b. The student must understand that the act of filing the written request is construed as authorizing all committee members to have access to all records, including academic, civil, and medical records where relevant and appropriate, that may have a bearing on deliberations.

- iii. The written request for an appeal hearing must be accompanied by a statement from the student outlining the basis for the appeal, copies of any evidence and supporting documents that will be introduced at the hearing, and the names of any witnesses who will be present. The faculty member also has the right to provide evidence or bring witnesses to the committee.
- iv. Upon receipt of the appeal, the EVPP shall notify the chair of the Academic Appeals Committee, who will, within three (3) business days, appoint the panel to hear the appeal. The chair will set a date for a hearing within ten (10) business days and inform the student, faculty member, the faculty member's department head, and the appropriate dean of the time and place for the hearing. All parties will be given notice five (5) business days before the hearing and the opportunity to confirm their attendance.
- v. Failure of the student to appear without justifiable cause terminates the right to appeal. The faculty member may waive the right to appear at the hearing, and a faculty member who has not waived the right to appear, but fails to appear without notice, will be deemed to have waived the right to appear. No hearing may take place in the absence of the faculty member unless the faculty member has specifically waived the right to appear or has failed to appear without notice.
- vi. The burden of proof shall be upon the student to prove their case by a preponderance of evidence. The student and the faculty member shall have the right to have counsel present, to present such witnesses. Legal counsel, if present, may offer counsel and advice, but may not participate in the hearing.
- vii. All parties shall be afforded the opportunity for reasonable oral argument.
- viii. Upon request, sufficiently in advance by either party, the chair shall cause testimony presented at the hearing to be recorded. A copy of the recording may be obtained from the chair at the expense of the requesting party.
- ix. Immediately after the appeal hearing, the panel will go into closed session to deliberate and render a decision that is approved by at least three members of the panel.
- x. The student and faculty member will be all interested parties, with a copy of the EVPP, will confirm the panel's decision.
- xi. If the panel finds that due to an arbitrary, capricious, or prejudiced action, a student received an unearned grade, the panel will recommend to the faculty member that the grade be changed. If the faculty member is no longer at the University, the department head or dean of the college will facilitate changing the grade.
- xii. Either party has the right to appeal the decision of the panel to the EVPP. Written notice of the appeal by either party will be given to the committee chair, who will notify the other party and the EVPP within three (3) working days. All documents and any recordings of testimony at the hearing will be forwarded to the EVPP who will review them and render a decision within five (5) working days.
- xiii. There will be no further appeal from the decision of the EVPP.
- xiv. In the event that the faculty member loses the appeal at either level, they will be given the opportunity to change the student's grade. If the faculty member refuses to change the grade, the EVPP will direct the Office of the Registrar to change the grade, without prejudice to the faculty member.

1.15 | Academic Standing

1.15.A | Scholastic Deficiency/Probation: Continued enrollment in an undergraduate program at WTAMU is dependent upon a student maintaining satisfactory academic progress toward attaining a degree.

- i. To assist students in maintaining satisfactory progress, WTAMU has adopted academic standards designed to provide early identification through academic advising and academic support programs.

ii. Delineation of Levels of Academic Standing:

- a. **Academic Warning:** Is the least severe of the levels in Academic Probation and Suspension, and does not appear on a student's official academic record. Academic Warning serves as an opportunity to address any academic difficulties with the goal of preventing a student from being placed on Academic Probation.
 - i. Students must meet with an advisor prior to each semester following inadequate performance to develop a plan and determine any necessary referrals to campus resources. Students must repeat this process every semester they are on Academic Warning.
 - ii. Students who have earned less than 30 hours must meet with an Advising Services advisor.
 - iii. Students who have earned 31 or more hours must meet with their academic advisor based on their major's advising model (see www.wtamu.edu/advising). If the academic advisor is not available, the student should meet with the appropriate department head. If both the faculty advisor and department head are not available, the student should meet with the appropriate associate dean or dean of the college.
 - iv. At the end of the semester in which a student is on Academic Warning, the student will either:
 1. Be removed from warning status by earning at least a 2.0 semester GPA and completing at least 75% of the courses in which they are officially enrolled; or
 2. Continue on academic warning (WRN2) by earning less than a 2.0 semester GPA or completing less than 75% of the semester credit hours in which they are officially enrolled, but maintaining a cumulative GPA of at least 2.0; or
 3. Be placed on Academic Probation by earning less than a 2.0 semester GPA and their cumulative GPA falls below 2.0; and
 4. A student remaining on Academic Warning must follow the procedures outlined.
 - v. Students who have received three consecutive semesters of Academic Warning (WRN3) must consult with their college dean or Associate dean.
- b. **Academic Probation:** Is an indication of serious academic difficulty that may ultimately lead to suspension from the University. Probation appears on the student's academic record.
 - i. Students will be placed on Academic Probation at the end of any semester when their cumulative GPA falls below 2.0.
 - ii. Students placed on Academic Probation are required to be re-advised (greenlighted) and complete a Probation Conditions and Plan for Academic Improvement form. Failure to comply may result in the deletion of future semester registrations.
 - iii. Students who have earned less than 30 hours must complete the Probation Contract and Plan for Academic Improvement with an Advising Services advisor.
 - iv. Students who have earned 31 or more hours must complete the Probation Contract and Plan for Academic Improvement with their academic advisor based on their major's advising model (see www.wtamu.edu/advising). If the academic advisor is not available, the student should meet with the appropriate department head. If both faculty advisor

and department head are not available, the student should meet with the appropriate associate dean or dean of the college.

- v. The individual meeting with the student to complete the Probation Contract and Plan for Academic Improvement form and submit a copy to the Office of the Registrar, provide a copy to the student, retain a copy, and send a copy to the student's faculty advisor, if applicable.
- vi. At the end of the semester on which a student is on Academic Probation, the student will either:
 - 1. Be removed from Academic Probation by earning a cumulative GPA of 2.0 or above; or
 - 2. Continue on Academic Probation by earning at least a 2.0 semester GPA by the cumulative GPA remains below 2.0; or
 - 3. Be subject to Academic Suspension by failing to earn a semester GPA of 2.0 or higher.

1.16 | Classification

1.16.A | A student's class standing is measured by the number of college-level hours completed.

- i. 0 – 29 hours | Freshman
- ii. 30 – 59 hours | Sophomore
- iii. 60 – 89 hours | Junior
- iv. 90 plus hours | Senior

1.17 | Degree Requirements

1.17.A | Please see the degree checklist for the year of your first semester of college. Degree must be completed within six years, or a new catalog will be assigned.

1.18 | University Honors Program

1.18.A | The William H. and Joyce Attebury Honors Program at WTAMU is a place where exceptional Freshman, transfer, and current students participate in an enriched learning community. The experience shared by all honors students is highlighted by innovative discussion-based teaching, research, study abroad, mentoring, internships, leadership, and a host of wider opportunities. The program, however, provides incoming freshman with a welcoming and supportive environment, as they start their higher education careers and begin an amazing journey at WTAMU.

1.18.B | The program also takes into consideration the fact that Transfer students are each unique with their own previous academic backgrounds, so each student is advised and directed through the program based upon their own personal academic history. Current students who have a year or two experience but those who still have four (4) long semesters, are always welcome and encouraged to become a part of the program. Honors faculty exemplify the highest level of teaching excellence and provide honors students with a learning experience like no other.

1.19 | Tuition Laws

1.19.A | Statutory Tuition: Statutory tuition rates are set by the Texas Legislature. The rate for Texas residents is \$50 per semester credit hour. The Non-Resident, Out of State rate is \$80 per semester credit hour with the TEC 54.0601 waiver granted the student's first semester. Non-Resident, Out of State graduate students that fall below a 3.0 GPA are billed at a rate of \$465 per semester credit hour. Non-Resident, International students are billed at a rate of \$465 per semester credit hour.

1.19.B | Graduate Tuition: Graduate tuition rates are set by the Texas Legislature. The rate for Texas residents is \$50 per semester credit hour. The Non-Resident, Out of State rate is \$80 per semester credit hour.

1.19.C | Texas Education Code 56.014: Requires a portion of a Texas Resident student's designated and differential tuition be set aside as scholarship funds to provide financial assistance for students enrolled with the University. Texas residents are notified by Buff email of the specific amount of their bill designated and differential tuition that has been set aside each semester they are enrolled. This notification is not a bill for amounts due, nor is it a promise of scholarship funds to be awarded to that student. Each student must apply for, and meet eligibility requirements, for any scholarships they desire in order to be awarded.

1.20 | Payment of Fees and Charges

1.20.A | Students are required to pay tuition, fees, and charges to the University when due. Failure to do so may result in:

- i. The student's being administratively withdrawn and removed from the rolls of the University with loss of credit for academic work performed that semester.
- ii. Assessment of a reinstatement fee.
- iii. Denial of future registration in the University until all past due balances, including late charges, and reinstatement fees, are paid.
- iv. Denial of an official WTAMU transcript until all past due balances, including late charges, and reinstatement fees, are paid.
- v. Removal from on-campus housing.
- vi. Disclosure of the delinquent debt to any credit bureau, collection agency, or attorney.
- vii. Assessment of amounts actually incurred by the University as court costs, attorney's fees, and reasonable cost for collection.
- viii. If a check accepted by the University is returned by the bank on which it is drawn, the person presenting it will be required to pay a returned check service charge. If the check is for tuition or fees, the student's registration for that semester or term may be cancelled.
- ix. A student whose registration is cancelled for failure to redeem an unpaid check, or checks within a specified grace period, will be assessed a \$50 reinstatement fee prior to being reinstated.

1.20.B | Students whose fees are billed to a sponsor, including, but not limited to, a government agency, will be held responsible for those fees should the sponsor fail to pay.

1.21 | Tuition Refunds

1.21.A | Students that choose not to complete a class for the semester but intend to remain enrolled in other courses for the remainder of the semester should follow the procedure to drop the class. Dropping a course is

not appropriate for students enrolled in only one course for the semester. If the student is enrolled in one course and does not wish to complete it, the student should follow the withdrawal process.

1.21.B | Students will have 100% of the charges associated with a dropped course reversed from their university balance, only if the course is dropped by midnight of the census date for the semester. Courses dropped after the census date will be due in full on:

- i. 12th class day for Fall and Spring semesters
- ii. 4th class day for Summer 1 term
- iii. 4th class day for Summer 2 term
- iv. 2nd class day for Winter Intersession
- v. 2nd class day for Spring Intersession

1.21.C | Petition for Waiver of University Regulations: Students who have experienced extenuating circumstances and were unable to withdraw or drop a course within the allotted timeframe may complete a Petition for Waiver of University Regulations. You can complete a Petition at the following link: https://cm.maxient.com/reportingform.php?WestTexasAMUniv&layout_id=9. General rules surrounding the Petition process are:

- i. Petitions must be submitted by the last class day of the following semester – for example: if you wish to Petition Fall 2023, your submission must be received before the last class day of Spring 2024.
- ii. Documentation of the extenuating circumstances must be provided for your Petition to be reviewed.
- iii. A full cancellation/refund of your bill is not guaranteed by the approval of a Petition.
- iv. The committee will convene to review Petitions as they are received. Therefore, a response may take up to 2-3 weeks to be reviewed.
- v. Decisions made by the committee are final.

1.22 | Classroom Behavior

1.22.A | West Texas A&M University supports the principle of freedom of expression for both instructors and students. The University respects the rights of instructors to teach and students to learn. Maintenance of these rights requires classroom conditions that do not impede their exercise. Classroom behavior that seriously interferes with either (1) the instructor's ability to conduct the class or (2) the ability of other students to profit from the instructional program will not be tolerated. An individual engaging in disruptive classroom behavior may be subject to disciplinary action through the Student Conduct process.

1.22.B | When a student's behavior in a class is so seriously disruptive as to compel immediate action, the instructor has the authority to remove a student from the class on an interim basis, and report the incident to the Office of Community Standards to be adjudicated through the Student Conduct process.

1.22.C | Members of the faculty and staff may outline responsible dress and grooming standards in their syllabus within their respective classrooms, laboratories, and offices, to ensure safety for specific activities.

1.23 | Computing Services: Rules for Responsible Computing

1.23.A | Misuse of Computing Resources: Failure to comply with University rules and procedures, license agreements, and contracts governing network, software and hardware use; abuse of communal resources; use of computing resources for unauthorized commercial purposes or personal gain; failure to protect your

password or use of your account; breach of computer security resources including, but not limited to: Use of another individual's identification and/or password.

- i. Use of computing facilities and resources to send obscene or threatening messages.
- ii. Use of computing facilities and resources in violation of copyright laws.

1.23.B | Use of university computing resources and facilities is a privilege and requires that individual users act in compliance with University rules. The University provides users with an account that permits use of computing resources and facilities within guidelines established by WTAMU. Users must respect the integrity of computing resources and facilities, respect the rights of other users, and comply with all relevant laws (local, state, federal, and international), University rules and contractual agreements. The University reserves the right to limit, restrict or deny computing privileges and access to its information resources for those who violate University rules and/or laws. As an institution of higher learning, WTAMU encourages, supports, and protects freedom of expression and an open environment to pursue scholarly inquiry and to share information. Access to networked computer information in general and to the Internet, in particular, supports the academic community by providing a link to electronic information in a variety of formats and covering all academic disciplines. As with any resource, it is possible to misuse computing resources and facilities and abuse access to the internet. The following statements address, in general terms, WTAMU's philosophy about computing use.

- i. Freedom of Expression: Censorship is not compatible with the goals of WTAMU. The University should not limit access to any information due to its content when it meets the standard of legality.
- ii. Privacy: The general right to privacy is extended to the electronic environment to the extent possible. Privacy is subject to the Texas Public Information Act, administrative review, and computer system administration. Contents of electronic files will be examined or disclosed only when authorized by their owners, approved by an appropriate university official or required by law.
- iii. Intellectual Property: All members of the University community should be aware that property laws apply to the electronic environment. Users should assume that works communicated through a network are subject to copyright unless specifically stated otherwise. Unless permission of the author is obtained, utilization of any electronically transmitted information must comply with the "fair use" principle.
- iv. Criminal and Illegal Acts: Computing resources of the University, which include the hardware, software, and network environment, shall not be used for illegal activities. Any such use of these resources will be dealt with by appropriate university authorities and/or other legal and law enforcement agencies. Criminal and illegal use may involve unauthorized access, intentional corruption, or misuse of computing resources, theft, obscenity, child pornography, and racial, ethnic, religious, or sexual harassment.
- v. Authorized Use: Computing resources are provided by the University to accomplish tasks related to the University's mission. Some computers may be dedicated to specific research or teaching missions that limit their use. Computing resources may not be used for unauthorized commercial activities or any illegal activities.

Part 2 | Student Life Rules

2.1 | Students' Rights and Responsibilities

2.1.A | Students' Rights:

- i. A student shall have the right to participate in a free exchange of ideas, and there shall be no University rule or administrative rule that in any way abridges the rights of freedom of speech, expression, petition, and peaceful assembly as set forth in the U.S. Constitution.
- ii. Each student shall have the right to participate in all areas and activities of the University, free from any form of discrimination, including harassment, on the basis of race, color, national or ethnic origin, religion, sex, disability, age, sexual orientation, or veteran status in accordance with applicable federal and state laws.
- iii. A student has the right to personal privacy except as otherwise provided by law, and this will be observed by students and University authorities alike.
- iv. Each student subject to disciplinary action arising from violations of the WTAMU Student Handbook shall be assured a fundamentally fair process.

2.1.B | Students' Responsibilities:

- i. A student has the responsibility to respect the rights and property of others, including other students, the faculty, and University officials.
- ii. A student has the responsibility to be fully acquainted with the published WTAMU Student Handbook and to comply with federal, state, and local laws.
- iii. A student has the responsibility to recognize that student actions reflect upon the individuals involved and upon the entire University community.
- iv. A student has the responsibility to maintain a level of behavior which is consistent in supporting the learning environment of the institution and to recognize the University's obligation to provide an environment for learning.

2.2 | Reporting Violations of the WTAMU Student Handbook

2.2.A | To file allegation(s) of violation(s) against student(s) or student organization(s), individuals should complete an Online Incident Report form, which can be found at:

https://cm.maxient.com/reportingform.php?WestTexasAMUniv&layout_id=0. The written allegation should describe the action or behavior in question, include a list of involved parties and, when possible, contain documentation such as photos or official paperwork that supports the reporter's allegations. Individuals may also file a report in person at the Office of Community Standards in the Jack B. Kelley Student Center, Suite 102P.

2.3 | Leave Policy

2.3.A | Any pregnant student(s), or student(s) planning to become pregnant, should consult their health care provider to determine what, if any, additional precautions and/or accommodations may be needed. It is the responsibility of the student to communicate their needs to the Division of Student Affairs as soon as possible for risk reduction to begin when it can be most effective, and to determine if additional modifications are needed. While the University cannot mandate that the student notify that they are pregnant or are planning to become pregnant, the University strongly recommends that students provide notification so appropriate steps

can be taken to ensure the health of both parent and child. To communicate health circumstances or to request additional information contact the Division of Student Affairs.

2.4 | Community Standards

2.4.A | The Office of Community Standards enforces behavioral standards developed by the University community for students, student organizations, and the related procedures for addressing misconduct. Students should be aware that the Student Conduct process is not a criminal or civil court proceeding.

2.4.B | The attendance of a student at a university is a voluntary entrance into the academic community. By such entrance, the student voluntarily assumes obligations of performance and behavior reasonably imposed by the University. These obligations are generally much higher than those imposed on all citizens by the civil and criminal law. A university may discipline students to secure compliance with these higher obligations as a teacher method or to sever the student from the academic community.

2.4.C | Students and student organizations are responsible for actions that constitute misconduct, and violate rules outlined within the Student Handbook. Any student or student organization found responsible for misconduct may be subject to Student Conduct sanctions. The University provides a fair and equitable Student Conduct process, utilizing a thorough, neutral, and impartial investigation, from which a prompt resolution is generated.

2.4.D | The Office of Community Standards, and related offices, seek to educate students about their rights and responsibilities while prompting holistic development, self-worth, and mutual respect for all members of the University community. Freedom of discussion, inquiry, and expression is also fostered by an environment in which the privileges of citizenship are protected, and the obligations of citizens are understood.

2.4.E | The Office of Community Standards is committed to an educational and developmental process that balances the interests of individual students with the interests of the University community. No student will be found in violation by university policy, procedure, or rule without sufficient information, and evidence showing that it is more likely than not that a violation occurred. Any sanctions will be proportionate to the violation's severity and to the student's cumulative conduct history.

2.4.F | The Office of Community Standards exists to protect the interests of the community and to challenge those whose behavior is not in accordance with our rules. Sanctions are intended to challenge students' moral and ethical decision-making, and to help bring their behavior into accord with our community expectations and values. When a student is unable to conform their behavior to community expectations, the Student Conduct process may determine that the student should no longer share the privilege of participating in this community.

2.4.G | Disciplinary Authority: The authority to enact A&M System policy is vested in the Board of Regents. The responsibility for implementing and enforcing System policy and regulations and imposing penalties is delegated to the President of the University and any university officials and President designates. The VP for the Division of Student Affairs is the principal agent for the administration of Student Conduct. The VP for Student Affairs, or designee, shall implement the student discipline procedures. The VP of Student Affairs, and Assistant VP of Student Affairs, or designee, will assume responsibility for the investigation of an allegation of misconduct to determine if the complaint has merit.

2.4.H | Jurisdiction: The Student Handbook shall apply to conduct that occurs on university premises, at university-sponsored activities, or at any other activity which adversely affects the University community and/or the pursuit of its objectives and mission. This action may be taken for either affiliated or non-affiliated activities.

- i. Using their sole discretion, the VP of Student Affairs, or designee, shall decide whether the Student Handbook shall be applied to conduct occurring outside of university premises.
- ii. The University may act in situations occurring off university premises involving:
 - a. Student misconduct demonstrating flagrant disregard for any persons; or
 - b. When a student's or student organization's behavior is judged to threaten the health, safety, and/or property of any individual or group.

2.4.I | Timeline: It is recommended that reports of alleged violations of the Student Handbook should be received by the Office of Community Standards within ten (10) university working days of the alleged incident to initiate Student Conduct procedures.

- i. There is no time limit on reporting violations; however, the longer someone waits to report an offense, the more difficult it becomes to obtain information and evidence regarding the incident(s).
- ii. Incident(s) should be resolved within sixty (60) days of notice regarding the incident, not including appeal. This timeline may vary depending on the availability of students to participate in the process, availability of evidence, delays for concurrent criminal investigations, breaks between academic semesters, and other delays.

2.4.J | Notice: Notice is deemed to have been properly provided when written notification is sent to the student's official assigned WTAMU email address, placed in First Class U.S. Mail, campus mail, or personally delivered to the student no less than five (5) university working days prior to the scheduled appearance. The failure of a student to receive notice which is properly delivered does not prevent the Student Conduct proceedings from being carried out. After proper notice has been given to the student, the Student Conduct officer or designee may proceed with the review process and may issue a failure to comply code violation against the student. Note: Students are required to keep their most current email address, local address, permanent address, and cell phone number updated in the student records system at:

https://www.wtamu.edu/webres/File/Reg%20Change%20of%20Stu%20Info%20Form%202022_6_2019.pdf

2.4.K | Family Educational Rights and Privacy Act (FERPA): Annually, WTAMU informs students of the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. This act, with which the institution intends to comply fully, was designated to protect the privacy of education records, to establish the right of students to inspect and review their education records, to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings, and to submit an explanatory statement for inclusion in the education record if the outcome of the hearing is unsatisfactory.

- i. Students have the right to file complaints with the Family Educational Rights and Privacy Act Office of the Department of Education in Washington, D.C., concerning alleged failures by the University to comply with the act. Written complaints should be directed to:
 - a. Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202-5920.
- ii. Local rule/procedure explains in detail the procedures to be used by the institution for compliance with provisions of the act. Copies of the policy may be obtained at the Office of the Registrar, located in Old

Main, Room 103 on the WTAMU Campus. Students have the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests.

- iii. A school official is:
 - a. A person employed by the University in an administrative, supervisory, academic, research or support staff position (including law enforcement unit personnel and health staff);
 - b. A person or company with whom the University has contracted (such an attorney, auditor, or collection agent);
 - c. A person serving on the Board of Regents; or
 - d. A student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks.
- iv. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill their professional responsibility. Upon request, the University discloses education records without the consent of officials of another school in which a student seeks or intends to enroll.
- v. According to FERPA, the University may release information without the student's written consent to the following:
 - a. School officials, as identified by the University, determined by the University to have a legitimate education interest.
 - b. Officials of the other institutions in which the students seek to enroll.
 - c. Persons or organizations providing to the student financial aid or determining financial aid decisions.
 - d. Parents of the student who have established that student's status as a dependent according to IRS code of 1986, Section 152.
 - e. Persons in compliance with judicial order or a lawfully issued subpoena.
 - f. Persons in an emergency, if the knowledge of information, in fact, is necessary to protect the health or safety of the student and/or other persons.
 - g. Directory information may be disclosed unless the students or parents' request, in writing, that specific information not be divulged. Requests must be filed with the Office of the Registrar by the twelfth (12th) class day of each semester. For more information go to: <https://www2.ed.gov/policy/gen/guid/ferpa/index.html>. Directory information includes a student's name, gender, local, and permanent address, telephone number, date, and the place of birth, marital status, major field of study, classification, enrollment status (full-time, part-time, undergraduate, graduate), participation in recognized activities and sports, height and weight (if a member of an athletic team), date of attendance, degrees, awards, and honors received, the most recent educational institution attended, and other information which would make the student's identify easily traceable.

2.4.M | **Reporter:** While WT maintains the individual confidentiality of reporters, the Office of Community Standards can disclose the source who reported the alleged misconduct. Reporters are broken down into one of the following sources:

- i. Student
- ii. Staff/Faculty/University Police Department

- iii. Alumni
- iv. Community Member

2.5 | Standard of Evidence

2.5.A | The standard of proof used in WTAMU Student Conduct proceedings is the preponderance of evidence, or “it is more likely than not that it occurred”. All Conduct Officers will make the decision of their cases based on this standard.

2.6 | Amnesty

2.6.A | Amnesty relating to sexual harassment, sexual assault, dating violence, and stalking. West Texas A&M University will “not take any disciplinary action against a student enrolled at the institution who in good faith reports to the institution being the victim of, or a witness to, an incident of sexual harassment, sexual assault, dating violence, or stalking, for a violation of the student of the institution’s rules of conduct occurring at, or near, the time of the incident, regardless of the location at which the incident occurred or the outcome of the institution’s disciplinary process regarding the incident, if any.” This amnesty does not apply in situations where:

- i. A student “reports the student’s own commission or assistance in the commission of sexual harassment, sexual assault, dating violence, or stalking”; or
- ii. A student’s behavior occurring near or at the time of the incident could result in a suspension or expulsion from the University. For the purposes of this rule, suspension or expulsion may be possible outcomes when the student’s behavior:
 - a. Threatens or endangers the physical or mental health and/or safety of other individuals;
 - b. Causes significant property damage or loss;
 - c. Causes significant burden on the University and/or community members to repair the harm caused by the behavior;
 - d. Would cause a reasonable person similarly situated to fear for their safety or suffer substantial emotional distress;
 - e. Causes significant disruption that limits others’ ability to access the academic, co-curricular, or work environment; or
 - f. Has demonstrated a pattern of failure to comply with university behavioral expectations;
- iii. Staff in the Office of Community Standards “may investigate to determine whether a student report of an incident of sexual harassment, sexual assault, dating violence, or stalking was made in good faith” (Texas Education Code Sec. 51.284(b)). A determination by the VP for Student Affairs or designee responsible for oversight of the student conduct processes that a student is entitled to amnesty is final and may not be revoked. All questions of implementation of this amnesty rule are subject to the decision of the Vice President for Student Affairs or designee responsible for oversight of the Student Conduct processes.

2.6.B | Amnesty Pertaining to Alcohol and Other Drugs: A student who calls 9-1-1 or takes an individual to receive emergency treatment for possible alcohol and/or drug overdose will not be charged under this code for possession or use of alcohol or other drugs. This amnesty only applies if:

- i. This student stays with the individual needing treatment until emergency services arrive;
- ii. The student takes reasonable measures to assist the individual needing treatment; and
- iii. The student is cooperative with emergency services and university processes.

2.7 | Student Conduct Proceedings

2.7.A | Student Conduct proceedings will address behavioral misconduct outlined in the Student Handbook. This process does not apply to Title IX or sex based/civil rights cases.

2.7.B | Upon notice of an alleged violation of the Student Handbook, the Office of Community Standards will review allegations of misconduct and assign a Conduct Officer to the case. The Conduct Officer will inquire, gather, and review information about the reported student misconduct and will investigate the for factual sufficiency. Incidents will not be forwarded for an Initial Conference unless there is reasonable cause to believe a rule or procedure has been violated.

2.7.C | If an initial report of misconduct is filed but does not identify the victim, or the victim is not available, the Conduct Officer will fully investigate the reported incident with the information provided. Unsupported allegation(s) with no credible information will not be forwarded for an Initial Conference.

2.7.D | A student will be given notice via their WT email of their involvement in an alleged violation of the Student Handbook. When preliminary information indicates that a student is associated with the reported incident, the student will be asked to meet with a Conduct Officer.

2.7.E | In order to train Conduct officials in their role, the Office of Community Standards may assign staff to shadow or observe an Initial Conference, Formal Hearing, Evidence Review or other component of the Conduct proceeding.

2.7.F | Student Responsibilities:

- i. Failure of an alleged party to comply with, or respond to, a notice issued as part of the Student Conduct proceedings and/or failure to appear, may result in a hold placed on the student's account, additional alleged violations and a charge of Failure to Comply.
 - a. Case Resolution Form Completion: In the Informal Process, following the Initial Conference, the Conduct Officer assigned to that case will make a determination of Responsible or Not Responsible for each alleged violation. A Case Resolution Form will be sent to the student. The student has three (3) business days to either Accept or Reject this Initial Finding.
 - b. Without good cause shown, if the student is late to their designated hearing, the Conduct Officer or Hearing Body may make a determination in their absence, and is not responsible for beginning the hearing over, recalling witnesses, or re-entering any evidence into record.
 - c. Disorderly or disruptive behavior by any individual during the Conduct Process may result in removal of the individual from the Conduct Process, at the discretion of the Student Conduct Officer.
 - d. When information on more than one student is contained in a single education record, each student may inspect the information specifically related to themselves. If a student requests their case documents sections may be redacted to protect confidentiality. If a student requests a recording, and the recording pertains to only the requesting student, arrangements may be made to review the recording.
 - e. Conduct proceedings will be open only to those parties and witnesses involved in the Case. Hearings will not be open to the public, or any form of media or live feeds.
 - f. At the University's discretion, notices and Student Conduct correspondence will be issued to the student via email to their university email account, to their local and/or permanent address or

record, delivered by staff, and shall constitute full and adequate notice. It is the student's responsibility to keep the address of record current or provide a forwarding address. The refusal to accept/receive a letter (sent either by first class mail or certified mail or by staff delivery), or failure to check university email shall not constitute good cause for failure to comply with the content of the official university correspondence. Disciplinary action may be taken against a student for failure to appear after proper notice.

2.7.G | Student Conduct Proceedings: All Student Conduct proceedings will adhere to the following procedures. Student Conduct cases that involved allegations of misconduct begin with the Informal Process. If a student receives a determination through the Informal Process and they reject that decision, their case will move onto the Formal Process. Cases that involve allegations of weapons violations and repeat offenders will go straight to the Formal Process. Student Conduct cases that contain complaints or incidents of misconduct involving a registered Student Organization of WT will result in the Office of Community Standards initiating the Student Organization Accountability Process (SOAP).

- i. Informal Process: The student will be informed in writing of the allegations made and the date, time, and place of the Initial Conference with their assigned Conduct Officer. This information will be sent to the accused student's WTAMU email address. For university-related correspondence, it is the student's responsibility to check their university email account, check it regularly, and provide an accurate local mailing address.
 - a. Evidence Review: (optional) Prior to the Initial Conference, a student may request to schedule an Evidence Review meeting with the Conduct Officer, or designee. This provides an opportunity for the student to review the evidence, excluding official University Police Department reports on cases pending action in the district attorney's office or while the case is still under investigation. An appointment must be set up with the Office of Community Standards, or designee, located at the Jack B. Kelley Center 102 and available by phone at (806)-651-2389. The following rules apply to Evidence Reviews:
 - i. Protected information may be redacted from the documents provided. This could include reporter(s) identity, victim information, and/or other information made confidential under state and federal law.
 - ii. During the Evidence Review case materials will be provided to the student. The student is allowed to take notes but may not take photographs or record images of the materials, and all materials will be collected by staff prior to the end of the meeting.
 - b. Initial Conference: The Initial Conference will be conducted by the Conduct Officer assigned to the case. The Conduct Officer is responsible for collecting information from all involved parties, including their perspective and any evidence to support their narrative. The Conduct Officer will explain the Student Conduct process and answer any remaining questions from the involved parties.
 - i. ***Election of an Advisor***: Students may elect to bring an advisor of their choosing to the Initial Conference. An advisor, in this context, is an individual selected by the student involved to provide support. An advisor can be a family member, friend, teacher, or attorney. Students are responsible for contacting their assigned Conduct Officer not later than two (2) business days prior to their scheduled Initial Conference to elect for an advisor to be present. An advisor may advise the student, but may not actively

participate in the Initial Conference. Advisors who impede or disrupt the Student Conduct process may be removed.

- c. **Informal Resolution:** After the assigned Conduct Officer has met with all involved parties the Officer will have three (3) business days to issue a determination for each party on whether a student is Responsible or Not Responsible for each alleged violation. When circumstances warrant, the three business-day deadline may be extended. If a student is found Responsible for one or more violations they will be issued a Sanction, and if applicable, Condition(s) and/or Restriction(s). The Conduct Officer will issue notification to each party via their WT email.
 - d. **Case Resolution Form:** A student will receive a Case Resolution Form via their WT email. The Case Resolution Form will contain the Conduct Officer's determination of Responsible or Not Responsible for each alleged violation, along with any applicable rationale for their decision. Upon receipt of the Case Resolution Form the student will have three (3) business days to select one of the following:
 - i. I accept the decision made as a result of my Initial Conference and agree to adhere to all sanctions, conditions, and/or restrictions assigned as a result of a Responsible finding.
 - ii. I reject all or part of the decision made as a result of my Initial Conference and request a Formal Hearing as outlined in the Student Handbook.
 - 1. If a student rejects all or part of the decision made in their Informal Resolution, their case will be assigned to a new Conduct Officer by the Office of Community Standards and referred through the Formal Process.
 - e. **In-Abstentia:** If the student chooses not to appear at the Initial Conference, no inference may be drawn from this decision. The Initial Conference will proceed, and a decision will be made based on the facts presented. If a Conduct Officer completes an In-Abstentia Initial Conference they will issue the student notification of their determination via a Case Resolution Form within the specified three (3) business day period.
- ii. **Formal Process:** The student will be informed in writing that their case has been forwarded to the Formal Process. The assigned Conduct Officer will send notification to the student's WT email no less than five (5) business days prior to the date and time of the Formal Hearing.
 - a. **Election of Advisor:** For the Formal Hearing process, the student may elect to be accompanied by an advisor. An advisor can be a family member, friend, teacher, or attorney at their own expense. The advisor may advise the student privately, but may not present or participate in the case. The advisor cannot be a witness to the proceeding. Students must notify their assigned Conduct Officer no later than two (2) business days prior to the Hearing of their election to have an advisor. Advisors who impede or disrupt the Student Conduct process may be removed.
 - b. **Formal Hearing:** The Formal Hearing will be conducted by the assigned Conduct Officer and recorded. The recording will remain the property of the institution. Deliberations will not be recorded. The University will present evidence supporting the allegations first and has the burden of proving its case by the preponderance of evidence. A determination of the facts will be based only on the evidence as presented. Rules of evidence applicable to civil and criminal cases do not apply. An opportunity will be provided for the student to present their own version of the facts and to present other evidence in support of the current case including witnesses. Witnesses will also have the right to hear evidence and question the Student Conduct Officer. The Conduct Officer may impose reasonable limitations upon the presentation of evidence and

questioning of witnesses. A student may not be compelled to testify. If the student chooses not to testify during the Hearing, no inference may be drawn from this action. The Hearing will proceed, and a decision will be made based on the facts presented. Suspension/Expulsion sanction records will be maintained in the VP of Student Affairs.

- c. **Formal Resolution:** Upon conclusion of the Hearing, the assigned Conduct Officer will provide a written statement of the findings, the formal action to be taken by the University, and a description of the Appeal process. This will be sent to the student's WT email within five (5) business days of the date of the Formal Hearing.
 - d. **Appeal Procedure:** A student may appeal the decision or the sanction(s), condition(s) and/or restriction(s) imposed by the Office of Community Standards by submitting a written petition to the VP of Student Affairs within five (5) business days of receiving the Formal Hearing decision. The Appeal form can be completed at:
https://cm.maxient.com/reportingform.php?WestTexasAMUniv&layout_id=4.
 - i. The petition must clearly set forth the grounds for the appeal, together with the evidence upon which the appeal is based. A disagreement with the decision alone shall not constitute grounds for appeal. The Office of Community Standards has ten (10) business days to make a decision on the appeal. The only proper grounds for appeal are as follows:
 - 1. A procedural (or substantive error) occurred that significantly impacted the outcome of the hearing (e.g., substantiated bias, material deviation from established procedures, etc.).
 - 2. The discovery of new evidence, unavailable during the original hearing or review of the case, which could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
 - 3. The sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions.
- iii. **Student Organization Accountability Process (SOAP Case):** All complaints and reported incidents of misconduct will be investigated by the Office of Community Standards. All evidence and case materials will be provided to the Student Organization Accountability Board (SOAB) who will issue a determination of Responsible or Not Responsible, and any Sanctions or Conditions included in the finding.
- a. **Hearing Body:** The SOAB will be comprised of:
 - i. Chair – a current organization advisor.
 - ii. Two faculty/staff member seats.
 - iii. Three trained student board member seats.
 - b. **Notification:** The president or chief student leader of the organization will be notified via WT email of the report and applicable process. This notification will be issued via email to their university account, the student's local and/or permanent address on record, or delivered by staff, and shall constitute full and adequate notice. It is the student's responsibility to keep the address of record current. The refusal to accept/receive a letter (sent either by first class mail, certified mail, email, or by staff delivery) shall not constitute good cause for failure to comply with the content of the official university correspondence.
 - c. **Investigations:** The Office of Community Standards will conduct a preliminary investigation and may meet with selected members or associated individuals to gather information pertaining to

the incident(s) and allegation(s). The Office of Community Standards will create a Summary Report, which will include all evidence collected and case materials available. If the report contains information that supports alleged violations to the Student Handbook, the case will be sent onto the SOAB for a Hearing date, time and location to be scheduled.

- d. **Interim Measures:**
- i. ***Interim Suspension of Recognition:*** Based upon a student organization’s alleged behavior, the VP for Student Affairs, or the Office of Community Standards may impose an interim disciplinary action prior to the initiation of investigation. Interim Suspension of a Student Organization can include, but is not limited to:
 - 1. Barring or limiting some, or all of the organization’s activities and/or privileges, including but not limited to: social activities, intramural competitions, organizational competitions, eligibility to receive any leadership or responsibility in any university student organization, governing body, publication, or activity, and the ability to represent the University in an official capacity or position.
- e. **SOAB Hearing:** Following the receipt of the investigation report, the SOAB will notify involved parties of the Hearing time, date, and location at minimum five (5) business days prior to the date of the Hearing. The University will present evidence supporting the allegations first and has the burden of proving its case by the preponderance of evidence. A determination of the facts will be based only on the evidence as presented. Rules of evidence applicable to civil and criminal cases do not apply. An opportunity will be provided for the organization to present their own version of the facts and to present other evidence in support of the current case including witnesses. The SOAB may impose reasonable limitations upon the presentation of evidence and questioning of witnesses. A student may not be compelled to testify. If the student chooses not to testify during the Hearing, no inference may be drawn from this action. The hearing will proceed, and the decision will be made based on the facts presented.
- f. **Determinations:** Following the SOAB Hearing, the SOAB will have three (3) business days to issue a determination. Determinations will be based upon a preponderance of the evidence and must include:
 - i. A finding of either Responsible or Not Responsible for each alleged violation;
 - ii. Sanction(s), condition(s), and/or restriction(s) for each allegation determined to be a violation.
- g. **SOAB Appeal:** Organization presidents may appeal a finding of responsibility or the sanction(s), condition(s) and/or restriction(s) imposed by SOAB by submitting a written petition to the VP of Student Affairs within five (5) business days of receiving the determination. The Appeal form can be completed at: https://cm.maxient.com/reportingform.php?WestTexasAMUniv&layout_id=4.
 - i. The petition must clearly set forth the grounds for the appeal, together with any evidence upon which the appeal is based. A disagreement with the decision alone shall not constitute grounds for appeal. The VP of Student Affairs has ten (10) business days to make a decision on the appeal. The only proper grounds for appeal are as follows:
 - 1. A procedural (or substantive error) occurred that significantly impacted the outcome of the hearing (e.g., substantiated bias, material deviation from established procedures, etc.).

2. The discovery of new evidence, unavailable during the original hearing or review of the case, which could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
3. The sanctions imposed substantially vary from the range of sanctions normally imposed for similar infractions.

2.8 | Interim Measures and Sanctions

2.8.A | Interim Measures: The University may take immediate action to prevent misconduct, its recurrence, and address any effects on members of the community. This includes immediate steps to protect parties before the final outcomes of the investigations. These steps will attempt to minimize the burden on a reporter, witness, or alleged, while respecting the due process rights of all. The implementation of interim measures does not replace the conduct process, which shall proceed on the normal schedule. Interim measures can include, but are not limited to:

- i. A hold placed on a student's account, limiting their ability to register for courses, pull transcripts, etc.
- ii. Revocation of access to on campus buildings/areas/halls.
- iii. No Contact Order placed between two parties, which prohibits individuals from contacting one another through any means.
- iv. *Interim Suspension of a Student*: At any point in the process, an alleged may be subject to removal from WT or the program/activity on an emergency basis, provided that an individualized safety and risk analysis (conducted by, or in conjunction with a WTAMU's Behavioral Intervention Team member) has determined that an immediate threat to the physical health or safety of any student or other individual arising from the allegations justifies immediate removal. The interim suspension does not replace the conduct process, which shall proceed on the normal schedule. The student should be notified in writing of this action and reasons for the interim suspension.
 - a. Conduct, on or off campus, which may result in interim suspension:
 - i. A significant and articulable threat to the health or safety of a student or other member(s) of the University community.
 - ii. Sexual assault, other forms of sexual misconduct, stalking, and relationship violence that create a hostile environment for the victim, and the remedy for the harassment requires a temporary separation. All sex based and civil rights-based cases will be adjudicated through the Title IX and Civil Rights process according to TAMUS Regulation and WTAMU Rules, which can be found here:
 1. TAMUS Regulation 08.01.01: <https://policies.tamus.edu/08-01-01.pdf>
 2. WT Rule 08.01.01.W1: <https://www.wtamu.edu/files/docs/about/rules-procedures/08-01-01-W1-Civil-Rights-Compliance.pdf>

 - v. Violation of a No Contact determination.
 - vi. Retaliatory harm, discrimination, or harassment.

2.8.B | Resources and Referrals: Referrals and/or resources may be offered to students involved in the Conduct Process. These can include, but are not limited to:

- i. Counseling Services appointment
- ii. Victim's advocate assistance
- iii. Modifications to on-campus housing

2.8.C | Interim Suspensions of a Student Organization: If it is determined that a student organization's actions or activities are detrimental to the educational purposes of the University, and/or not in accordance with the Student Handbook, the student organization will lose its official registration with the Office of Student Engagement and Leadership. The registration of a student organization may be temporarily suspended while an investigation is pending involving an alleged violation of registered student organization rules and regulations, as outlined in the Student Handbook. The Student Organization will be afforded all due process guidelines as described in the Student Handbook. Conduct, on or off campus, of members of a Student Organization that may result in interim suspension can include, but are not limited to:

- i. Violent or harassment-type behavior.
- ii. Organization events and activities resulting in allegations against individual students that may result in individual student interim suspension.

- ii. Ineligibility to represent the University in any way, including representing the University at any official function, intercollegiate athletics or any forms of intercollegiate competition or representation. This includes events taking place both on and off of the University campus.
- iii. Eligibility to receive a University administered scholarship may be affected when the length of the period of not in good standing is greater than one semester. Some scholarships adhere to more strict guidelines, and, therefore, ineligibility may result from a lesser length of not in good standing.
- iv. Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct.

2.8.E | Student Conduct Findings: A student conduct officer may impose sanctions, conditions, and/or restrictions as a result of an Informal Resolution or Formal Resolution where a student is found Responsible.

- i. Sanctions: Sanctions are defined as the primary outcome of the alleged violation.
 - a. **Disciplinary Reprimand**: An official warning that the student's conduct is in violation of the WTAMU Student Handbook.
 - b. **Social Probation** (for organizations): A period of time during which a student group or organization will not be allowed to have, host, or attend social gatherings as an entity of their organization.
 - c. **Conduct Review**: An official warning that the student's conduct is in violation of the WTAMU Student Handbook, but is not sufficiently serious to warrant expulsion, suspension, or

disciplinary probation. A student on conduct review shall have their conduct under review for a specified period of time. This sanction may require regular meetings with an appropriate official to ascertain and evaluate the nature and seriousness of the misconduct. Students placed on this sanction remain in good standing with the University. If there is a finding of responsibility for subsequent violations of the WTAMU Student Handbook during this period of time, more severe sanctions may be administered.

- d. **Disciplinary Probation:** An official warning that the student’s conduct is in violation of the WTAMU Student Handbook, but is not sufficiently serious to warrant expulsion or suspension. A student on conduct probation is deemed “not in good standing” with the university. If there is a finding of Responsibility for subsequent violations of the WTAMU Student Handbook during this period of time, more severe sanctions may be administered.
 - e. **Suspension:** A period of separation of the student from the University. The student is not guaranteed readmission at the end of the suspension, but is guaranteed a review of the case and a decision regarding eligibility for readmission. Suspension takes effect upon exhaustion of the disciplinary process. Suspensions may be implemented in one of two ways: immediate implementation of suspension or deferred implementation of suspension. A student who has been issued a suspension sanction is deemed “not in good standing” with the University. At the end of the suspension period, the student is eligible for reenrollment. Actual admission to the University will be determined by the academic rules in place at the time of application for re-enrollment.
 - i. **Immediate Suspension:** Separation of the student from the University for a definite period of time.
 - ii. **Deferred Suspension:** The sanction of suspension may be placed in deferred status. If the student is found in violation of any University rule during the time of deferred suspension, the suspension takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be applied.
 - f. **Expulsion:** Separation of the student from the University whereby the student is not eligible for readmission to West Texas A&M University.
- ii. **Conditions:** Conditions are additional components of a disciplinary sanction. A condition is usually an educational element that is to occur in conjunction with the assigned sanction. Some examples of conditions include, but are not limited to:

 - f. Completion of personal growth or development education program. For example, Anger Management, Substance Abuse, Hazing, Stress Management, etc.

- g. **No Contact Order:** This is an official directive from WT that two parties not have any contact with one another. This mutual No Contact Order asks both students to refrain from communicating in person, through electronic communications, or contacting one another via a third party.
- iii. **Restrictions:** The withdrawal of specified privileges for a defined period of time, but without the additional stipulations contained in the imposition of a sanction which results in a student being not in good standing. The restrictions involved will be clearly defined. Some examples of restrictions include, but are not limited to:
 - a. Revocation of parking privileges.
 - b. Denial of eligibility for holding office in registered student organizations.
 - c. Denial of participation in extracurricular activities.

Disciplinary records resulting in suspension or expulsion are maintained permanently in the Office of Community Standards.

2.9.B | **Copy of File Procedure:** Individuals seeking photocopies of files must present the request, in writing, for specific documents to the Office of Community Standards. Upon receipt of the written request, the Office of Community Standards will determine the cost of reproducing the specific documents and send a memo stating the cost. Upon payment, the Office of Community Standards will determine how long it will take to reproduce the documents and will inform the individual of when the documents will be ready. Requests for files are governed by the TAMU system Policies and Regulations 61.01.02.

For more information regarding the process for Title IX, sex-based misconduct, and civil rights complaints, see University Rule 08.01.01.W1 [Civil Rights Compliance](#) and Texas A&M System Regulation 08.01.01 [Civil Rights Compliance](#).

3.1.B | Upon receipt of a complaint, and if deemed to be a Title IX discrimination complaint, the Office of Civil Rights & Title IX will assign the complaint for investigation. Upon conclusion of the investigation, the investigative report and exhibits will be submitted to the Executive Director of Civil Rights & Title IX (EDCRTIX) for adjudication and sanctioning considerations. The EDCRTIX will then assign the case to a hearing body consisting of one to three (1-3) members, also referred to as Hearing Panel Officers. A Hearing Panel is a decision-making entity who determines whether allegations of misconduct rise to the level of a violation based on the evidence provided.

3.1.C | The EDCRTIX will provide the final investigative report and exhibits, which may be redacted, to the parties. The EDCRTIX will also provide written notice to the complainant(s) and respondent(s) which will include an acknowledgement of receipt of the complaint along with a description of the adjudication process.

3.1.D | The case will then be submitted to the selected hearing body for adjudication and resolution. Hearings will be conducted in accordance with the Formal Hearing Procedures set forth in this document, and in accordance with the TAMUS Regulation 08.01.01 and University Rule 08.01.01.W1.

When parties are subject to cross-examination, the advisor may not answer on behalf of the party.

3.1.I | If a complainant or respondent is late to the hearing, the hearing body reserves the right to make the determination on participation in the hearing, and the hearing body is not responsible for beginning the hearing over, recalling witnesses or re-entering any evidence into the record. If no parties participate in the hearing, a decision will be reached based on evidence gathered prior to the hearing.

3.1.J | Disorderly or disruptive behavior by any individual during the hearing process may result in removal of that individual from the hearing process, at the discretion of the hearing body and the hearing process may continue.

3.1.K | Attendance at a hearing may be in person or may be conducted through remote means, provided that all parties and the hearing panel, can see and hear one another in real time during the course of the hearing.

3.1.L | The hearing body will record the hearing and that recording remains the property of the institution. Deliberations will not be recorded. FERPA provides that when information on more than one student is contained in a single education record, each student may inspect only the information specifically related to that individual. 3.1.M | Upon conclusion of the hearing, a written statement of the findings, the formal action to be taken by the University, the rationale for those actions, and a description of the appeals process will be provided to both the complainant(s) and respondent(s) within ten (10) business days.
